

Consultant IT Governance, Risk and Compliance (GRC)

What will you work on:

- You understand risk organizations and the three lines of defense. You're also familiar with GRC topics and tools like SAP GRC or ServiceNow GRC.
- You help clients monitor and manage security & compliance in complex IT environments.
- You work across sectors to solve GRC challenges and build strong, trust-based client relationships.
- You also develop a strong internal network within KPMG and support team growth by sharing knowledge and coaching colleagues.
- Hands-on experience with Role-Based Security in SAP/Microsoft or setting up GRC tools is a plus.
- You bring strong technical skills, an open mindset, and professional insight to every project.

What do you need:

- You have a Master's degree (or equivalent experience) and at least 2 years of experience in IT audit, security, GRC, or operational risk.
- You quickly understand client environments and needs.
- You're analytical, proactive, collaborative, and you take ownership of your work.
- You enjoy working independently as well as in a diverse project team.
- You hold (or can demonstrate experience equivalent to) certifications in internal control, security, or related areas.
- Knowledge or certifications in GRC tools (SAP GRC, ServiceNow GRC) and experience with SAP or Microsoft Dynamics is a plus.
- You are confident working with AI tools, maintain a critical mindset in using AI in everyday tasks, and contribute positively to team collaboration.
- You're fluent in English and Dutch or French.

What can you expect:

As a certified [Top Employer](#) we offer:

A **reward package** that goes beyond salary. Think **premium electric company car** (BMW, Mercedes,..., etc.) + charging card, net allowances, **bonus**, your choice of **Apple/Android device**, and lots of **extras** you can personalize with our cafeteria plan.

Peace of mind with **full insurance** coverage. We've got you covered with group and hospitalization insurance, plus **optional extras** like dental, eye care, and medical consultations.

Work in your own way. Enjoy **flexible** hours, **hybrid** working, and even the chance to **work from anywhere in the world** for 20 days a year.

We're an **international** community that thrives on **trust and collaboration**. With **inclusive communities** for gender, LGBTQI+, internationals, and many more, you'll truly feel like you can come as you are.

Your growth = our priority. You'll get **training and development tailored** to your job, level and even personal goals, plus support from your personal **buddy** and **performance manager**.

More than colleagues. From **sport** challenges (Antwerp 10 Miles, Brussels Marathon, 1000km for KOTK) to **volunteering** (river clean-ups, tree planting), we make impact together through our Together@KPMG & KPMG Foundation programs.

We care about you. With initiatives such as confidential counselors, an employee assistance program, hotlines and more, we will support your **emotional and mental health** throughout your career.

Fun included. Expect team events, afterworks, and plenty of opportunities to **connect outside the office**, for those who want. Follow @KPMGBelgium on Instagram to find out what life at KPMG is really like.
