WORDS FROM THE CEO OF ISACA

Dear ISACA Belgium Chapter,

On behalf of ISACA, I extend my warmest congratulations on your 40th anniversary. This milestone reflects the dedication, leadership and impact of the Belgium Chapter within the global ISACA community.

For four decades, ISACA Belgium has helped advance important conversations around governance, cybersecurity, audit, risk and digital trust, while building a strong professional community at the heart of Europe.

As technology and risk continue to evolve, ISACA remains committed to supporting professionals with the knowledge, credentials, frameworks and community they need to lead with confidence.

Thank you for all you have contributed over the past 40 years. We are proud to celebrate this milestone with you and look forward to what we will build together next.

With sincere congratulations,

Erik Prusch
ISACA CEO

HOW IT STARTED

From **EDPAA** to **ISACA Belgium**

The EDP Auditors Association (EDPAA) was established in Los Angeles in **1969** to professionalize EDP auditing.

On **30 October 1985**, the Benelux Chapter was founded. It uniquely covered Belgium, the Netherlands, and Luxembourg.

The chapter quickly became a **central hub** for quality and professional standards within the Benelux region.

Early focus: certification, permanent education, ethics, research, standards, and publications to elevate the EDP-auditing profession.

VOICES FROM OUR PAST PRESIDENTS

Looking back at ISACA Belgium's journey

As part of ISACA Belgium's 40th Anniversary Celebration, we invited past presidents to reflect on the chapter's history, evolution and impact.

Through these video conversations, they share memories, milestones and personal insights into how ISACA Belgium has grown into the community we know today.

Their stories remind us that our chapter has always been built by dedicated volunteers, strong leadership and a shared commitment to professional excellence.
