

Message from the Past and Future President!

Egide Nzabonimana
President

Giselle Vercauteren
Past President

On behalf of all present and past board members, we thank you for being part of our wonderful chapter and wish all of you good health, happiness and sunshine in your life!

It is an honor for me to become the new president of ISACA Belgium. I am very grateful for this opportunity and recognition.

As your new president, I want to facilitate a couple of things:

1. Learn from and give back to our community
2. Enable a sustainable and positive impact and ensure our wonderful chapter is one which encourages growth and dialogue.
3. Give our members a voice: highlighting your expertise in the different domains

First and foremost, I want to thank Gisele Vercauteren for the work she did as the president of ISACA Belgium. Gisele will remain part of the board and a strategic advisor.

We can only grow as a chapter through your commitment and support: one community of members and network partners. You are the most important part of our chapter!

And this is where you can help!

Follow the chapter and participate in it.

A chapter like ISACA Belgium lives and breathes through the volunteering spirit of its members. We will communicate our program and activities in the following weeks, but we have one ask: Speak up and tell us where you can see yourself helping in our activities!
